BREAKING NEWS

21ST CENTURY CLUBS TO BEGIN

21st Century is set to begin on September 30th! This year, we're looking forward to welcoming students in grades Kindergarten through 12th grade!

Students in K - 5th grades were excited to learn that our program will be strictly club-based for them and that students in middle and high school will be able to participate in clubs or tutoring.

Interested parents and guardians should sign-up as soon as possible, since space is limited.
